

## Condition of entry

### Service NSW - Check in and stay safe

Due to recent COVID changes it will now be mandatory for all hospitality venues to utilise the Service NSW App to check-in and check-out patrons.

We recommend that you download the Service NSW App prior to attending our venue if you haven't already done so.

The QR code can be scanned from a number of points at our venue upon your arrival. You also need to ensure you check-out via the App when leaving the venue.

**We're helping keep our community  
COVID safe by recording contact details.**

Checking in and out via the Service NSW App is an additional requirement over and above the Club's current checking in and out procedures and we apologise for any inconvenience this may cause.

If you don't have a smart phone or have difficulty in scanning the code, our friendly staff at reception will be able to check you in.

If you require any further information please don't hesitate to contact the Club on  
07 5536 3800
